Visual Sexual Preference Quick Start

This applies to Visual Sexual Preference version 2.0.0.5 or higher. This is the first version of the Visual Sexual Preference Quick Start and may change with future versions, however, future versions will include the latest quick start help files. This Quick Start guide will walk you through running a basic Visual Sexual Preference test. It includes starting the software, running a new test, and viewing the results.

Step 1 – Launch Visual Sexual Preference

Launch the Visual Sexual Preference software by choosing “Visual Sexual Preference” from the Windows® Start Menu, in the Visual Sexual Preference program group, or by double-clicking on the desktop icon of the same name.

If it is the first time you have run the software you will be prompted to create a new password. Enter your password into the “Password” text field and then confirm the password by entering it into the “Confirm Password” text field. Click the "Create Password" button to make your password. If your Password and Confirm Password text fields match you will be prompted that your password has been created otherwise you will be prompted that they do not match and have to reenter your password again.

Step 2 – Start a New Test

To start a new test enter the alphanumeric test name into the “Test Name” text field. If you wish to skip the Sexual Fantasy Scales Test check the “Skip Sexual Fantasy Scales Test” check box. To begin the test click the “Start” button as seen in the picture below.
Visual Sexual Preference - Starting a New Test

Step 3 – Enter Test Information

You are required to enter the examinee’s first and last name, your own name as well as some other information, an example of this is shown in the following image. When you are finished entering the required information you can click the “Next” button to continue.

Visual Sexual Preference - Entering Test Information

Step 4 – Agreeing to the Viewing Time Instructions

Before the Viewing Time test can begin the Viewing Time instructions must be read and accepted. After the examinee has read through the instructions they can click the “Agree” button as seen in the following image.
Step 5 – Running the Sexual Fantasy Scales Test

The examinee will now be required to complete the Sexual Fantasy Scales Test. The software will automatically choose either the adolescent or adult test based on the “Date of Birth” information entered in the previous screen. As seen in the following image, the test is shown as a collection of True or False questions. Each question consists of:

1. Question Text
2. True or False Buttons
3. The Answer

After reading the question the examinee can select either the “True” or “False” button for the corresponding question and view the answer they have chosen in the “Answer” field. The examinee must answer all of the questions in order to continue with the test. After all of the questions have been answered click the “Next” Button to continue.
Step 6 – Conducting the Viewing Time Test

During the Viewing Time test the examinee will be shown the following:

1. A Question
2. An Image
3. 1 through 5 buttons

The examinee will have to pick what they feel is the appropriate response from the 1 through 5 buttons. The buttons can be clicked using the left mouse button or using the 1 through 5 keys on a keyboard or number pad. Once an image has a response the image will change to the next image, this sequence will be repeated until the test has been completed.
Step 7 – Completion of the Viewing Time Test

After the Viewing Time test is completed you will be prompted with a message dialog stating “You have Completed The Test”. Click the “OK” button to continue to the Report.

Step 8 – Enter Password

Once the Viewing Time test completed you will have to enter your password in order to continue to the report. Once the password is enter into the “Password” text field click the “OK” button to continue.
Step 9 - Report

The report is where you can view all the data from the Viewing Time test. The following image is an example of a completed report.

![Visual Sexual Preference Report - Report](image)

**Report Test Information**

The Report Test Information acts like a header on each page of the report. The Examiner, Date of Test, Examinee, Examinee Date of Birth and Page Number will be displayed here. Below is an example of what the Report Test Information looks like.

**Report General Information**

The Report General Information is displayed on the top of the first page of the report and it contains various details about the examinee. It will show basic details such as relationship status, religious affiliation and ethnicity. The follow image displays the general information section.
**General Information**

<table>
<thead>
<tr>
<th>Relationship Status</th>
<th>Married</th>
</tr>

</table>

| Other Sex Offence Charges   | None    |
| Other Sex Offence Convictions | None  |
| Current Medications         | None    |
| Ethnicity                   | Caucasian |

### Report Lie Scale Graph

The Lie Scale Graph will show the results of the Lie 1 and Lie 2 scales questions from the Sexual Fantasy Scales test. The columns represent the categories Lie 1(L1) and Lie 2(L2) and the rows indicate the number of questions that the examinee gave a scoring response to. The blue line simply shows how many questions scored for L1 and L2. The Lie Scale Graph can be seen in the image below.

![Lie Scale Graph](image)

**Visual Sexual Preference Report - Lie Scale Graph**

### Report Sexual Fantasy Scale Graph

The Sexual Fantasy Scale graph will show the results of all of the Sexual Fantasy Scale questions beside the Lie Scale questions from the Sexual Fantasy Scales test. Each column in the graph represents a category from the Sexual Fantasy Test. You can use the report legend to determine what...
each abbreviation represents. The numbered rows represent the level of Sexual Fantasy. They are as follows:

1. Thought
2. Fantasy
3. Fantasy & Masturbation
4. Acted Out

The red trace on the graph represents the level to which the examinee has admitted to acting out, while the blue scale represents the examinee’s awareness. The Sexual Fantasy Scale graph can be seen in the following image.

![Sexual Fantasy Scale Graph](image)

**Visual Sexual Preference Report - Sexual Fantasy Scale Graph**

**Report Sexual Fantasy Scale Graph Examiner Override**

You have the ability to override the Sexual Fantasy Scale graph when you know the subject has not been sincere about acting out in a certain category on the Sexual Fantasy Scale Test. You can check the appropriate check box for that category and the red trace will reflect this override on the graph. The overrides can be seen in the following image.
Report Viewing Time Results Tables

The Viewing Time Results tables will show you all of the data collected from the Viewing Time test. The data will be displayed on two separate tables, the first table will cover the entire Viewing Time test and the second will only cover the Viewing Time Sexual Question data. The data will be displayed in the following four columns: Name, Abbreviation, Time and Z Score. The Viewing Time Entire Test Results Table can be seen in the following image.

<table>

**Viewing Time Entire Test Report Table**

**Report Viewing Time Results Graph**

Accompanying each Viewing Time Results Table is a graph. These graphs are a visual representation of each Category and its corresponding Z score. Below is an example of an Entire Test Viewing Time Results Graph.
Report Admitted Items

The Admitted Items are a list of items that the examinee has admitted to from the Sexual Fantasy test. The Items are listed under 4 categories:

1. Admitted Dangerous Items
2. Admitted Peer Relations Scale Items
3. Admitted Cognitive Distortion scale Items
4. Admitted Drug & Alcohol Scale Items

The Admitted Items can be seen in the image below.

Admitted Dangerous Items
4. I prefer to have sexual contact with children (under the age of 14).
99. I would like to kill someone during sex.

Admitted Peer Relations Scale Items
45. I prefer to have multiple friends with whom I have sexual relationships.
61. I prefer to be alone and not in a relationship.

Admitted Cognitive Distortion Scale Items
7. Fondling someone (if they don’t want you to) is not very harmful.
9. If I don’t ‘force’ an adult or child into a sexual act and they don’t try to stop me then it must be O.K.

Visual Sexual Preference Report - Admitted items

Step 10 – Print Report

You can now print the report by clicking on the “Print” button located in the bottom right of the Report Window. It can be seen in the following image.
Step 11 – Print Dialog

The Print Dialog is opened after the “Print” button is clicked. Your default printer will automatically be selected as the printer in the drop down. To print the report, click the “Ok” button. Below is what the print dialog looks like.

Step 12 – Finished

After the test has been completed you can choose “Exit” to close the program or “Main Menu” to return to the Visual Sexual Preference Main Menu. The following image shows the location of the “Exit” and “Main Menu” buttons.
**Visual Sexual Preference – Exit and Main Menu Buttons**

**Step 11 – Reviewing a Completed Exam**

To open a previously completed exam, highlight the exam in the “Exam History” list and click the “View” button. This will open the exam in the Report Window for your review. An example of this can be seen in the following image.

**Visual Sexual Preference – Reviewing an Exam**

**Step 12 – Deleting an Exam**

To delete an exam/exams from the list highlight the exams you wish to delete and click the “Delete” button. You can select multiple exams by holding down the “Ctrl” key while selecting the exams from the “Exam History” list. Below is what deleting a session will look like.
Step 13 – Backup an Exam

To backup an exam/exams highlight the exams you wish to backup from the “Exam History” list and click the “Backup” button. Once the “Backup” button is clicked a Folder browsing Dialog will be opened, from there select the folder you want to backup to and click “OK”. You can select multiple exams by holding down the “Ctrl” key while selecting the exams from the “Exam History” list. Below is what backup a session will look like.

Step 14 – Archive an Exam

To archive an exam/exams highlight the exams you wish to archive from the “Exam History” list and click the “Archive” button. Once the “Archive” button is clicked the exam/exams will automatically begin to archive. The progress bar located on the top right of the tool bar will show the current status of the archive. You can select multiple exams by holding down the “Ctrl” key while selecting the exams from the “Exam History” list.
Once the archive is complete it will appear in the “Archive” list. A name will be automatically given to the newly created archived file. The “Exam History” list will also show which exams have been archived. If an exam has been archived the “Archived” column will have a check box and the ArchiveDate” and ArchiveName” will be display the date the exam was archived as well as the archive name itself. During the archive procedure all examinee personal information within the exam is removed.

Step 15 – Delete Archive

To delete an archive from the “Archive” list select the archive you wish to delete. After you have the archive selected press the “Delete” button to remove it. Below is an image of deleting archives.

Step 16 – Email Archive

To email and archive select the archive from the “Archive” list and click the “Email” button. As seen in the image below.
Visual Sexual Preference – Email Archive

After the “Email” button a window will opened where you will enter you “Full Name” and “Organization”. To send the email click the “OK” button click “Cancel” to not send the email. A message box will appear once the email has been sent. Note that you will need an internet connection in order to send emails.
